3rd March 2015

Hawthorn ‘Hawks In Schools’ Program – Grade 3/4s

Dear parents/guardians,

On Thursday 19th March and Thursday 26th March the Grade 3/4 students will be participating in the ‘Hawks In Schools’ program at Chirnside Park Primary School.

The ‘Hawks in Schools’ program focuses on two key areas, promoting a healthy and active lifestyle as well as promoting physical activity. The program has been developed for Grade 3/4 students and involves two 90 minute sessions over two consecutive weeks.

The first session on Thursday 19th March is delivered by a Hawthorn Football Club community staff member and SEDA students and is primarily classroom based with a small activity to complete the session.

During the second session on Thursday 26th March the Hawthorn Football Club will try to send a Hawks player to assist SEDA staff in delivering a clinic. If a player cannot attend the session a Hawks Community staff member will run the session. Week 2 is activity based and will include a range of fun activities which will incorporate AFL skills and drills.

The clinic is held at school and is Free. It is highly recommended that all students in Grade 3/4 take part. If you have any concerns with your child participating please contact Mr Norton at the school.
